

## Gospel to Haiti – Class Facilitation

(Students are seeing Module material for the first time during in-person meetings)

### Thursday Evening (2 hours and 15 minutes)

- Everyone will be told beforehand to bring their laptops and headphones to the meeting
- Everyone gets settled and logged in to HaitiHub (**5 min**)
- Everyone begins independent study of 1) Overview, 2) Lesson, 3) Examples&FAQ, and 4) Vocabulary section of the Module (**45 min**)
- **Stop all students.** Ask someone to give a quick recap of the Module main concept to the rest of the group (**2 min**)
- Open up to any questions other students may have about the concept and either let other students answer. If no students can provide an answer, take note of the question to pass onto HaitiHub HQ (**8 min**)
- Everyone starts the Module Practice section independently, going at their own pace (**15 min**)
- Students continue on to the Module Quiz section, going at their own pace (**8 min**)
- **Stop all students.** Get everyone's attention and then open up to any new questions students may have now that they have completed the Module Practice and Quiz sections. Discuss these questions all together as a group (**7 min**)
- Students will probably want to continue with the Modules to improve their Quiz score or review previous sections. Allow time for this. (**10 min**)
- **Wrap up.** Encourage all students and make sure everyone knows the next Meeting time and which new Module they are all responsible for (**5 min**)

To this, add **30 minutes** for the things that always happen in a group setting: talking and members catching up with each other, jokes, getting off-topic, laptops running out of battery, side-conversations etc...

### Saturday Morning (2 hours and 45 minutes)

- Spend the first **30 minutes** reviewing the previous Module – encourage students to ask each other questions, explain to each other the answers, quiz each other on vocabulary, etc...
- Spend the next **1:45** on the new Module in the same process as Thursday Evening
- Add **30 minutes**, as always, for getting off-topic and other group incidentals, etc...
